	Task
<b>Task 1</b>	Create a table to find out how many students have appeared for the End Test in each center.
<b>Task 2</b>	Show the percentage of different performance categories in a chart.
<b>Task 3</b>	Create a table showing the count of different performance categories across the centers. Find out the percentage of Decline, Neutral and Very Good performance for each center in respect to total number of students in that center.
<b>Task 4</b>	Find out the module which has the highest decline percentage.
<b>Task 5</b>	Find out the average End Test scores for each module in each center using a Pivot Table.
<b>Task 6</b>	Mention the actionable insights you get from the analysis.

Row Labels	Count of End Test %
